

AMENDMENT TO THE CITY OF BUFFALO'S 2019 and PRIOR YEARS ANNUAL ACTION PLANS PROPOSED CHANGES

The City will amend its Annual Action Plan whenever it makes one of the following decisions: to make a change in its allocation priorities or the method of distributing funds; to carry out an activity using funds from any program covered by the Consolidated Plan (including program income) not previously described in the Action Plan; or to change the purpose scope, location and/or beneficiaries of the activity.

The City will use the following criteria to determine what changes in planned or on-going activities constitute a substantial amendment to the Annual Action Plan: substantial change occurs when the cumulative effect of an activity's budget amount is increased or decreased by more than twenty-five percent (25%), or when interim financing such as float loans are provided. A substantial change is not moving funds from unencumbered project balances from one year to another year for similar activities within the same target area. Nor is it transferring funds within the same HUD-eligible categories.

Because the U.S. Department of Housing and Urban Development has provided regulatory waivers and thereby allowed a change to public participation, a public hearing on this Annual Action Plan Amendment is not required and the minimum 5 day comment period will start Wednesday, May 13, 2020 and end at the end of the day Monday, May 18, 2020. A public hearing will not be held. The City of Buffalo will place documents detailing its amendments on a public website on Tuesday, May 12, 2020 at: <https://www.buffalony.gov/324/Consolidated-Plan-Documents> The City will consider any comments or views of citizens submitted by email to HUDAdministrator@city-buffalo.com by the end of the day Monday, May 18, 2020. The City will respond by email to any comments made on these amendments. The amendments will be submitted to HUD along with a summary of any comments received, the City's written response, and a summary of any comments not accepted and the reasons therefore.

Public Works – Funding Reallocation to Various CDBG Budget Lines

Net Requested Funded Amount \$456,106.59

There is a critical need in the City of Buffalo to provide funding for construction and rehabilitation of City-Wide CDBG streets and sidewalk projects. Only locations previously included in Annual Action Plans and amendments thereto will be the sites of work. This request will provide replacement of deteriorated curbs and sidewalks, and pavement resurfacing on streets which are selected based on HUD guidelines for eligibility determination. CDBG funding will also include all architectural and engineering services associated with each project.

Current Project

| | Amt. including Prior Amendments | Increase | Amended Project Amt. |
