LITTER AND RECYCLING GO HAND IN HAND

In Buffalo, City residents have the opportunity to win prizes for their neighborhood simply by taking part in Let's Do This! Many items that are discarded haphazardly in our streets, such as bottles and cans, can be recycled. Other items, like disposable masks, gloves and candy wrappers belong in the trash.

Mayor Byron W. Brown and the City of Buffalo are asking each registered City of Buffalo Block Club to help bring our neighborhoods back to their original beauty! With the increase of disposable masks and gloves due to the pandemic, many of you may have noticed an increase of litter in your neighborhood. By organizing and participating in a neighborhood cleanup, Block Clubs will help create a cleaner, healthier and more beautiful environment to live in.

**Winners will be announced in August.
Prizes will be awarded for Block Club Beautification
Programs, community gardening and more.**

Let's Do This! builds on Mayor Byron W. Brown's strong commitment to increase Buffalo's recycling and recovery programs. Under his leadership, the City of Buffalo switched to single stream curbside recycling in 2012, followed by the launch of 34andMore Buffalo Recycles—a public awareness campaign designed to help increase recycling rates beyond 34%, to match the national average. Let's Do This! adds to the momentum, promoting Buffalo's recycling program and rewarding residents who recycle.
